- Registration will be open on Friday 1:00pm-3:00pm and from 05:45am on Saturday.

Race Envelope

- Race Number x2, cycle sticker x1, helmet sticker x1, electronic timing chip and strap x1,
- Safety pins will not be enclosed however they will be available if required.

Cycle and Helmet Stickers

- Attach the cycle number sticker to the front handlebar stem.
- Attach your helmet sticker to the front of the helmet.

Race Numbers

Your race number must be clearly displayed on your back for the cycle and clearly displayed on your front for the run. You have two options:

1. Use an elastic race number belt (available to buy next to registration for £10) with one or both numbers pinned to it in the top left and right hand corners (as shown in picture). Don't forget your number must be visible on your back for the cycle and on your front for the run.
2. Pin each race number in all four corners, front and back onto your shirt.
3. It is good practice to write name, emergency contact number, blood group (if known) and any allergies on the back of the race number.
4. You must not re-size your race number in any way.

Timing Chip

Check your electronic timing chip number corresponds with your race number. Your timing chip must be worn on the outside of your LEFT ANKLE with the soft side of the strap against your skin. Please follow these simple steps to wear your chip correctly.

1. Thread the loose strap through both slots of the timing chip and securely fasten the velcro.
2. The chip should be secure on the strap and the number visible.
3. Place the strap around your LEFT ankle with the chip on the outside of your ankle.
4. Make sure the chip is firmly around your ankle so it remains securely fastened.

Please hand in your electronic timing chip at the finish line whether you complete the course or not or you will be required to pay £25.00 to replace it.

Important Cycle Care Information

Make sure your cycle brakes and gears are all in perfect working order for race day.

Available is a pre race check for only £10, payable on the day by cash or card and takes approximately 15 minutes. Booking a time slot is essential as there is no guarantee on the day. Contact Cycle Mechanic Craig on Whatsapp 07748 053009 with your name, race, preferred day and time for availability.

Mechanic available on Friday 5:30pm-8:00pm.

There will be a self-service cycle station at the event. It has track pumps, specific cycle tools, tyre levers and a cycle stand.

Inner tubes will be on sale in the UK Triathlon store next to registration. You should however carry a spare inner tube which specifically fits your wheels.

From Registration follow the signs to CYCLE TRANSITION

Cycle Transition Area

- The Cycle Transition Area is open from 6:00am.
- Only competitors are allowed in the Cycle Transition Area
- You are responsible for checking your own cycle brakes, your cycle must be in road worthy condition.
- Competitors should only bring into transition what is needed - a small bag can remain by your cycle. Within transition there is an area for larger bags.
- Rack your cycle in an empty space, the white tape denotes a racking position.
- Cycling is not permitted in either Cycle Transition

Security

Although we allocate security staff to specifically watch the Cycle Transition Area, please note that we cannot be responsible for any items lost or stolen.

Swim

Olympic & Olympic Relay - 1500m - 2 Laps x 750m Sprint & Sprint Relay - 750m - 1 Lap

- Remember to take everything you need for the swim, wearing your timing chip and strap!
- You should be at the swim start 15 minutes prior to your start time to listen to the compulsory race brief.
- Wetsuits are compulsory for the Olympic and Olympic Relay Triathlon. Although not compulsory we recommend wearing a wetsuit for the Sprint distance.
- **If you wear a wetsuit for the swim, make sure when you take it off at your transition point that it is either bagged or neatly placed under the racking pole. Wetsuits that cause a tripping hazard will incur a 2 minute transition time penalty.**
- Do not cover your electronic timing chip with your wetsuit as it will interfere with the signal at the swim exit timing point.
- All relay team members must attend the Race Brief.
- There will be safety kayaks on the course.
- If you are a first time open water swimmer, don't have much experience, or would just like to let other swimmers know you are not an experienced open water swimmer, you can request at registration for a white swim cap to wear for your swim. This indicates to other experienced swimmers, your swim status.
- Position yourself at the start of the swim according to your swim ability and experience. If you haven't any experience of a mass start or you are not a strong swimmer, consider starting further back or to the side of the main pack.
- If you require assistance during the swim, raise one arm high out of the water and a safety craft will come to your assistance.

Cycle

Olympic & Olympic Relay - 39k - 1 Lap Sprint & Sprint Relay—25k—1 lap (short course)

Getting ready for the cycle

- When you finish your swim, head into Cycle Transition Area.
- Your race number must be clearly displayed on your back for the cycle section of the event. You must fasten your helmet before taking your cycle off the rack.
- Any type of cycle can be used as long as it is road worthy. Electric cycles can be used but the battery must be completely disengaged during the triathlon.
- After collecting your cycle, walk or run to the cycle mount line where you commence the cycle section of the race, you cannot mount your cycle until you have crossed the mount line. Cycling is not permitted in the Cycle Transition Area.

Important Information - Cycle Course

Keep to the left at all times except when overtaking.

Follow the cycle route signs around the course and do not turn until you see a sign. Please take extra care at all junctions and although there are safety marshals present, they are not there to give direction.

Make sure you have plenty of drinks on your cycle before you start the event.

Dismount your cycle at the end of the cycle course before the dismount line, a marshal will also tell you to do so.

Cycling is not permitted inside the Cycle Transition Area.

Do not unbuckle your helmet until you have racked your cycle.

Sprint Competitors Only

You must complete 1 x lap of the short cycle course.

There are 2 x specific turns you must look for and turn at.

Drafting

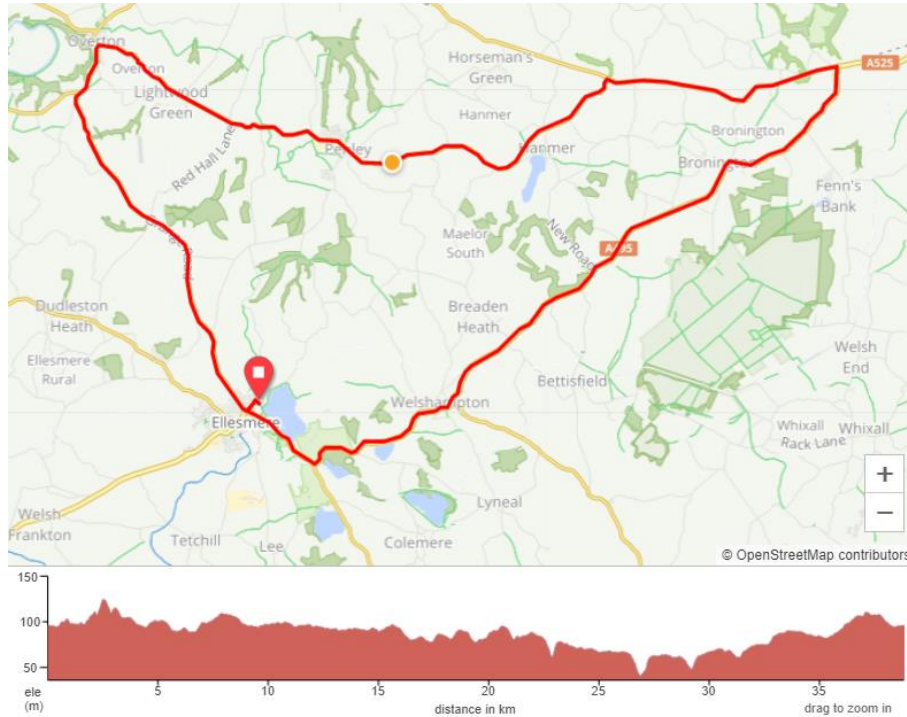

Competitors must keep their distance from the cyclist in front of them, so as not to gain an advantage. The gap between the front wheel of the leading cycle, to the front wheel of the following cycle should be 10 metres - if overtaking a competitor, you have 20 seconds to pass through their draft zone.

If it is cooler, you can wear long sleeves or long pants or add layers like a windproof jacket.
