- Rack your cycle in an empty space, the white tape denotes a racking position.
- Cycling is not permitted in the Cycle Transition Area.

Security

Although we allocate security staff to specifically watch the Cycle Transition Area, please note that we cannot be responsible for any items lost or stolen.

What do I wear when walking to the swim?

Most competitors will walk to the swim in just their swimwear and bare feet. There is matting on the ground when you leave the pool which leads into the transition area.

Remember to take everything you need for the swim, wearing your timing chip and strap!

From Transition follow signs 'Swim Start'

Getting ready for the cycle

- When you finish your swim, head into the Cycle Transition Area.
- Your race number must be clearly displayed on your back for the cycle section of the event. You must fasten your helmet before taking your cycle off the rack.
- Any type of cycle can be used as long as it is road worthy. Electric cycles can be used but the battery **must** be disengaged.
- After collecting your cycle, walk or run to the cycle mount line where you commence the cycle section of the race, you cannot mount your cycle until you have crossed the mount line.

The Course

- You must abide by the highway code and follow instructions given in the race brief. Failure to ride safely will constitute an instant disqualification.
- Take extra special care when exiting and returning to the car park as well as the first 400m over the river bridge and the final 400m coming back into Stratford.
- The course is mainly flat with some undulations. Follow the cycle route signs around the course and do not turn until you see a sign.
- Please take extra care at all junctions although there are safety marshals present, they are not there to give direction.
- There is one zebra and two pelican crossings at the start of the cycle stop if the lights change to red (you will be awarded a time allowance), a red light will constitute an immediate disqualification.
- Dismount your cycle at the end of the cycle course before the dismount line, a marshal will also tell you to do so, cycling is not permitted in the Cycle Transition Area. Do not unbuckle your helmet until you have racked your cycle.
- **Roadworks on the Course** - There are emergency roadworks just before the airfield turn on the cycle course. We have negotiated passage through the road closure on one side of the carriageway. There will be a marshal at the start of the roadworks and a marshal at the end. The length of the roadworks is 250 metres and there will be a no overtaking rule in place for that section.

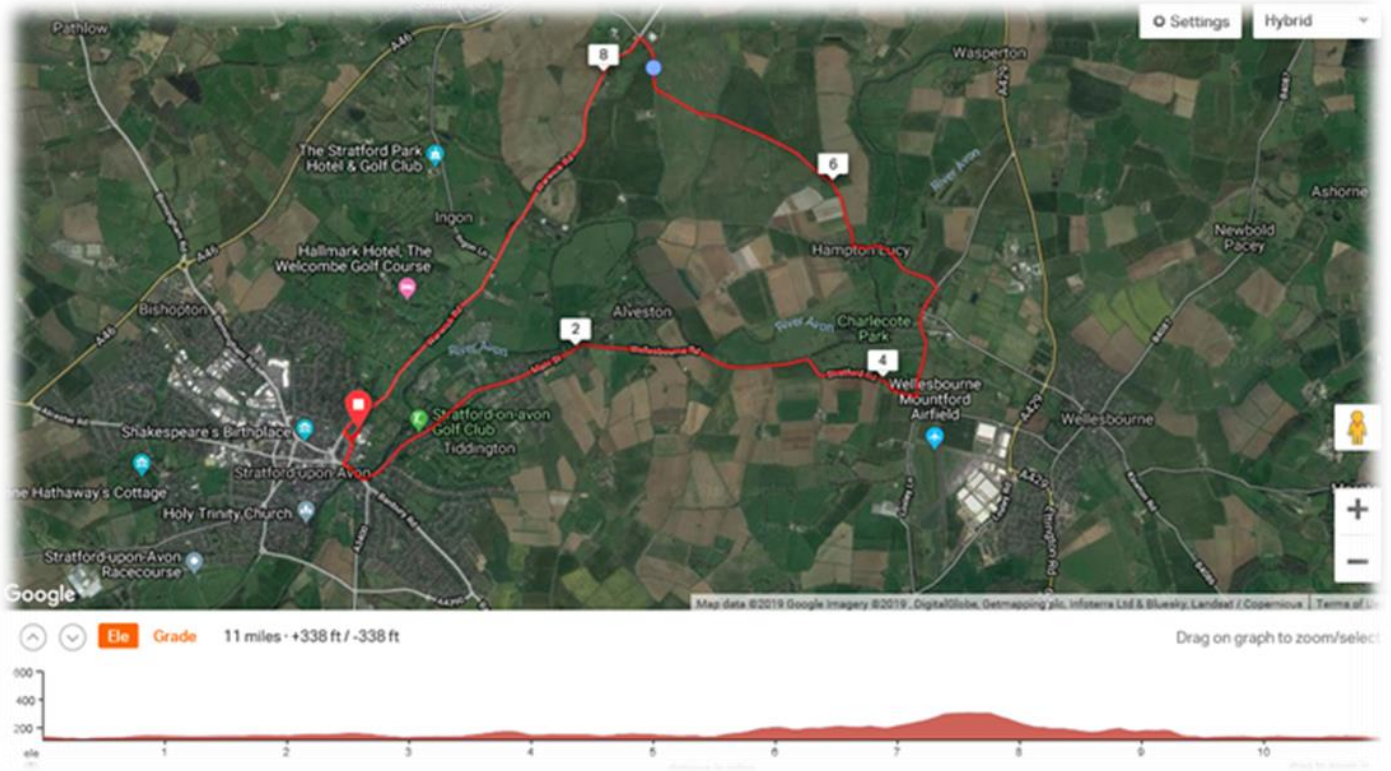

Drafting

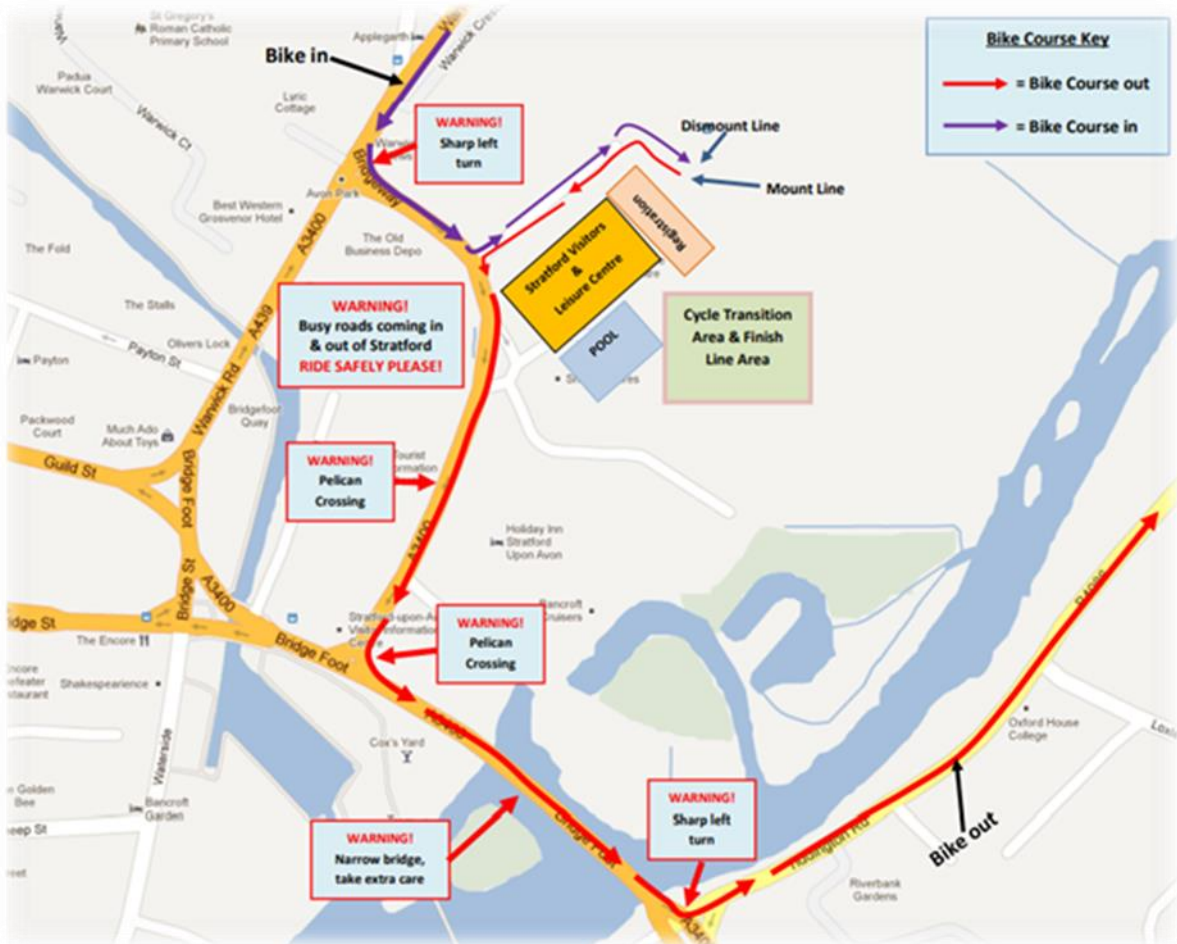

Competitors must keep their distance from the cyclist in front of them, so as not to gain an advantage. In sprint distance and shorter events, the gap between the front wheel of the leading cycle, to the front wheel of the following cycle should be 10 metres - if overtaking a competitor, you have 20 seconds to pass through their draft zone.
