From Registration follow the signs to CYCLE TRANSITION

Cycle Transition Area

Before entering Cycle Transition Area

Only competitors are allowed in the Cycle Transition Area. You cannot enter the Cycle Transition Area until your cycle and helmet stickers are attached (see page 3).

- The Cycle Transition Area is open from 07:00am.
- You are responsible for checking your own cycle brakes, your cycle must be in road worthy condition.
- Competitors should only bring into transition what is needed - a small bag can remain by your cycle. Within transition there is an area for larger bags.
- Rack your cycle in an empty space in Cycle Transition Area, the white tape denotes a racking position.

Security

Although we allocate security staff to specifically watch the Cycle Transition Area, please note that we cannot be responsible for any items lost or stolen.

From Cycle Transition Area follow signs 'To the Pool'.

Swim

- Remember to take everything you need for the swim, wearing your timing chip and strap!
- You should be at pool side 15 minutes prior to your start time to ensure you are positioned in number order and have time to listen to the compulsory race brief. All relay team members must attend the Race Brief.
- Please have the wristband that is given to you at registration on your right wrist and visible as you queue for the swim start.
- It is your responsibility to count the correct number of lengths.
- The pool is 25 meters long.
- Please take extra care on the poolside floor and steps with wet feet, as it will be slippery!
- Swimmers will be started at 15 or 30 second intervals for the Sprint/Sprint Relay, depending on your estimated swim time and 15 second intervals for the Super Sprint, Fun, CRUK Wave, Venture, Endeavour and Fun Challenge.
- It is not compulsory to wear a swim cap in the swim. If you wish to wear one, please use your own or you can purchase one at the UK Triathlon shop for just £5.00.
- You can enter the water once the previous competitor has started their swim. The starter will tell you when to start your swim.
- For your safety and the safety of other competitors back stroke, tumble turns and diving are not permitted.

Fun Challenge - 3.3k - 1 lap

Getting ready for the cycle

- When you finish your swim, head into Cycle Transition Area.
- Your race number must be clearly displayed on your back for the cycle section of the event. You must fasten your helmet before taking your cycle off the rack.
- Any type of cycle can be used as long as it is road worthy. Electric cycles can be used but the battery **must** be disengaged.
- After collecting your cycle, walk or run to the cycle mount line where you commence the cycle section of the race, you cannot mount your cycle until you have crossed the mount line.

The Course

- Although the road is closed to vehicular traffic, there could be an emergency vehicle on the course at any time. You must abide by the highway code and follow instructions given in the race brief. Failure to ride safely will constitute an instant disqualification.
- The course is mainly flat with a tight turn at both ends of the lap. Keep over to the left unless overtaking. Take extra care where there are dropped kerbs and speed ramps and where the road is separated into two-way traffic by the use of road cones.
- Do not cross the coned centre line of the cycle course.
- Follow the cycle route signs around the course and do not turn until you see a sign.
- There are safety marshals present, they are not there to give direction.
- Once you have completed the correct number of laps, dismount your cycle at the dismount line, a marshal will also tell you to do so and rack your cycle in your transition space.
- Cycling is not permitted in the Cycle Transition Area.
- Do not unfasten your helmet until you have racked your cycle.

Drafting

Competitors must keep their distance from the cyclist in front of them, so as not to gain an advantage. In sprint distance and shorter events, the gap between the front wheel of the leading cycle, to the front wheel of the following cycle should be 10 metres - if overtaking a competitor, you have 20 seconds to pass through their draft zone.

Cycle Map

Sprint & Relay - 20k - 6 laps

Super Sprint, Fun, CRUK, Venture - 10k - 3 laps

Endeavour - 6.6k - 2 laps

Fun Challenge - 3.3k - 1 lap

Counting Laps

- Use your cycle computer, attach a GPS device or a watch with lap counting capability and after each lap, press to start a new lap. This way, you will know which lap you are currently on. Look for the 'end of lap' and immediately after the 'start of lap' signs.
- Please note that GPS devices aren't always accurate. Please don't rely on them as totally accurate lap counters. Instead use the end of lap/start of lap signs as your guide to how many laps you've done and have yet to do.
- It is solely your responsibility to count your laps, race marshals cannot advise you. Insufficient laps will result in a disqualification.
- Once you have completed the correct amounts of laps, follow the cycle finish signs.

Run

Sprint & Relay - 5k - 4 laps

Super Sprint, Fun, CRUK & Venture - 2.5k - 2 laps

Endeavour & Fun Challenge - 1.25k - 1 lap

- Your race number must be clearly visible on your front before leaving the Cycle Transition Area.
- Follow the run route signs around the course. It is up to you to count your laps on the run, marshals will be taking numbers as a check in the case of suspected insufficient laps completed.
- The run course is multi-lapped, flat and mostly on a tarmac running surface.
- There is one feed station on the run course which you will pass on every lap, and one at the finish line which will be serving High5 energy drink and water.
- Please use the bins provided, there must be no littering on the course.
- When you have finished the run, turn onto the finish alley and continue through the Mornflake finish gantry.
- Don't forget to collect your finishers medal and hand in your timing chip!

After the Triathlon

You cannot take your cycle out of Cycle Transition Area without your race number and corresponding cycle sticker.

Relay

If you are an all female relay team & you change to a mixed team, please inform us at customercare@uktriathlon.co.uk or on the day at registration.

- Each member of the relay team completes one or two of the three disciplines in the triathlon.
- At registration you will be given one electronic timing chip.
- After completing the swim, the swimmer passes the electronic chip to the cyclist inside Cycle Transition Area next to where the cycle is racked.
- The cyclist must not put their helmet on or take their cycle off the rack until receiving the electronic chip.
- The cyclist completes the cycle course and passes the electronic chip over to the runner in Cycle Transition Area, only when the cycle has been placed back on the rack and their helmet has been fully removed.
