From Registration follow the signs 'CYCLE TRANSITION'

Cycle Transition Area

Before entering Cycle Transition Area

Only competitors are allowed in the Cycle Transition Area. You cannot enter the Cycle Transition Area until your bike and helmet stickers are attached (see page 3).

- Cycle racking is only available on race day between 5:45am to 6:15am. Your race number will show you where to rack your bike.
- Please put on your helmet and fasten the strap to show the marshal on entry. You are responsible for checking your own cycle brakes, your bike must be in road worthy condition.
- Rack your bike with the race number facing you.

Security

Although we allocate security staff to specifically watch the Cycle Transition Area, please note that we cannot be responsible for any items lost or stolen.

Transition Changing Tent

There is a separate male and female change tent located in the Cycle Transition Area if you wish to use it. You may change at your cycle racking position but if you need to remove undergarments, you must use a towel to cover yourself.

After the Triathlon

You cannot take your cycle out of the Cycle Transition Area without your race number and corresponding cycle sticker.

From Transition head to the swim start for your Race Brief - 6:15am

Race Brief

There will be a non-compulsory race brief at 3:00pm on Saturday, at the rear of the finish line. If you have a camping chair please bring it with you. On Sunday there will be a short, compulsory race brief at 6:15am at the swim start. All relay team members must attend the Race Brief.

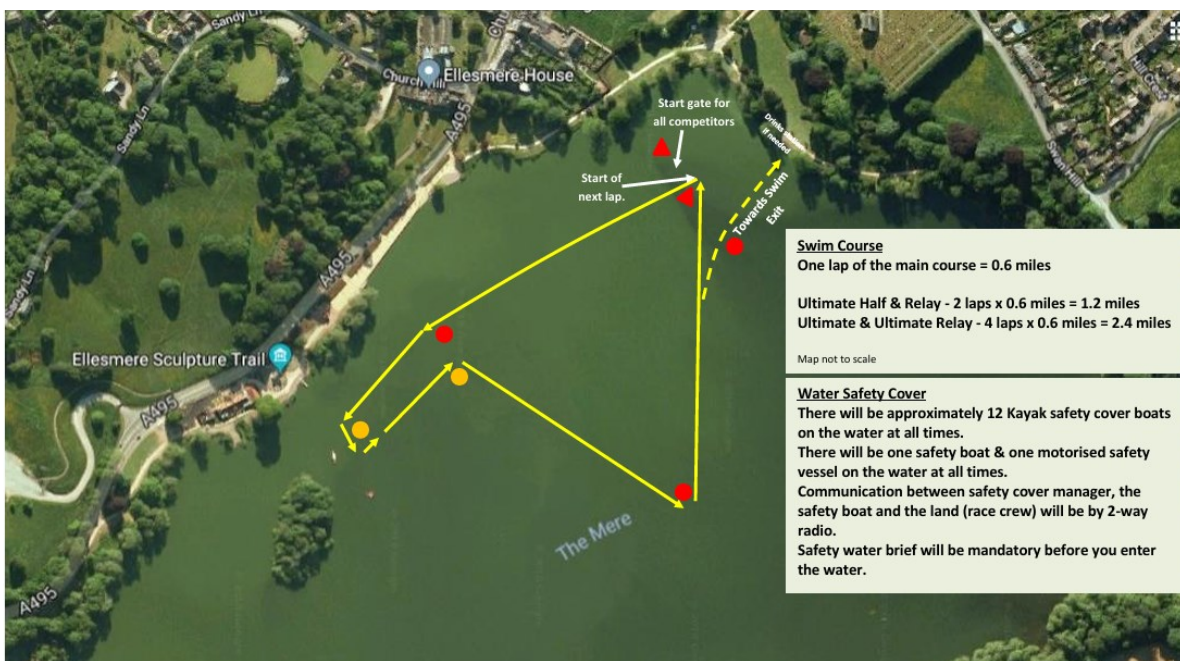

From the Cycle Transition Area follow signs 'Swim Start'

Swim

2.4 Miles - 4 laps

- Wetsuits are compulsory for the swim.
- Do not cover your electronic timing chip with your wetsuit as it will interfere with the signal at the swim exit timing point.
- Please use the swim cap you'll be given at registration for the swim.
- If you are a first time open water swimmer, don't have much experience, or would just like to let other swimmers know you are not an experienced open water swimmer, you can request at registration for a white swim cap to wear for your swim. This indicates to other experienced swimmers, your swim status.
- Position yourself at the start of the swim according to your swim ability and triathlon swim experience. If you haven't any experience of a mass start or you aren't a strong swimmer, consider starting further back or to the side of the main pack.
- There will be safety kayaks on the course.
- The cut off time is 2 hour 15 minutes from the start of the race.
- There will be a water station at the exit of the swim. It is also possible to temporarily exit the swim course at the end/start of each lap If you require water.
- **When taking off your wetsuit at your transition point please ensure that it is either bagged or neatly placed under the racking pole. Wetsuits that cause a tripping hazard will incur a 2 minute transition time penalty.**

After completing the swim head to the Cycle Transition Area

Cycle

112 Miles - 4 laps

Getting ready for the cycle

- When you finish your swim, head into the Cycle Transition Area.
- Your race number must be clearly displayed on your back for the cycle section of the event. You must fasten your helmet before taking your cycle off the rack.
- Any type of bike can be used as long as it is road worthy. Electric bikes can be used but the battery **must** be disengaged.
- After collecting your cycle, walk or run to the cycle mount line where you commence the cycle section of the race, you cannot mount your cycle until you have crossed the mount line.

The Course

Keep to the left at all times except when overtaking.

Follow the cycle route signs around the course and do not turn until you see a sign.

Please take extra care at all junctions, although there are safety marshals present, they are not there to give direction.

Abide by the highway code and follow instructions given in the race brief. Failure to ride safely will constitute an instant disqualification. We have support vehicles patrolling the course. If you have to stop due to injury or mechanical failure please wait to be picked up. Alternatively, if you carry a mobile phone on your bike, you can call the cycle course manager Chris Davies on 07810 698686 and he will come to your assistance.

Dismount your cycle at the end of the cycle course before the dismount line, a marshal will also tell you to do so (**Cycling is not permitted inside the Cycle Transition Area**).

The cut off time is 10 hours 30 minutes from the start of your race.

Drafting

Competitors must keep their distance from the cyclist in front of them, so as not to gain an advantage. In standard distance and shorter events, the gap between the front wheel of the leading bike, to the front wheel of the following bike should be 10 metres - if overtaking a competitor, you have 20 seconds to pass through their draft zone.

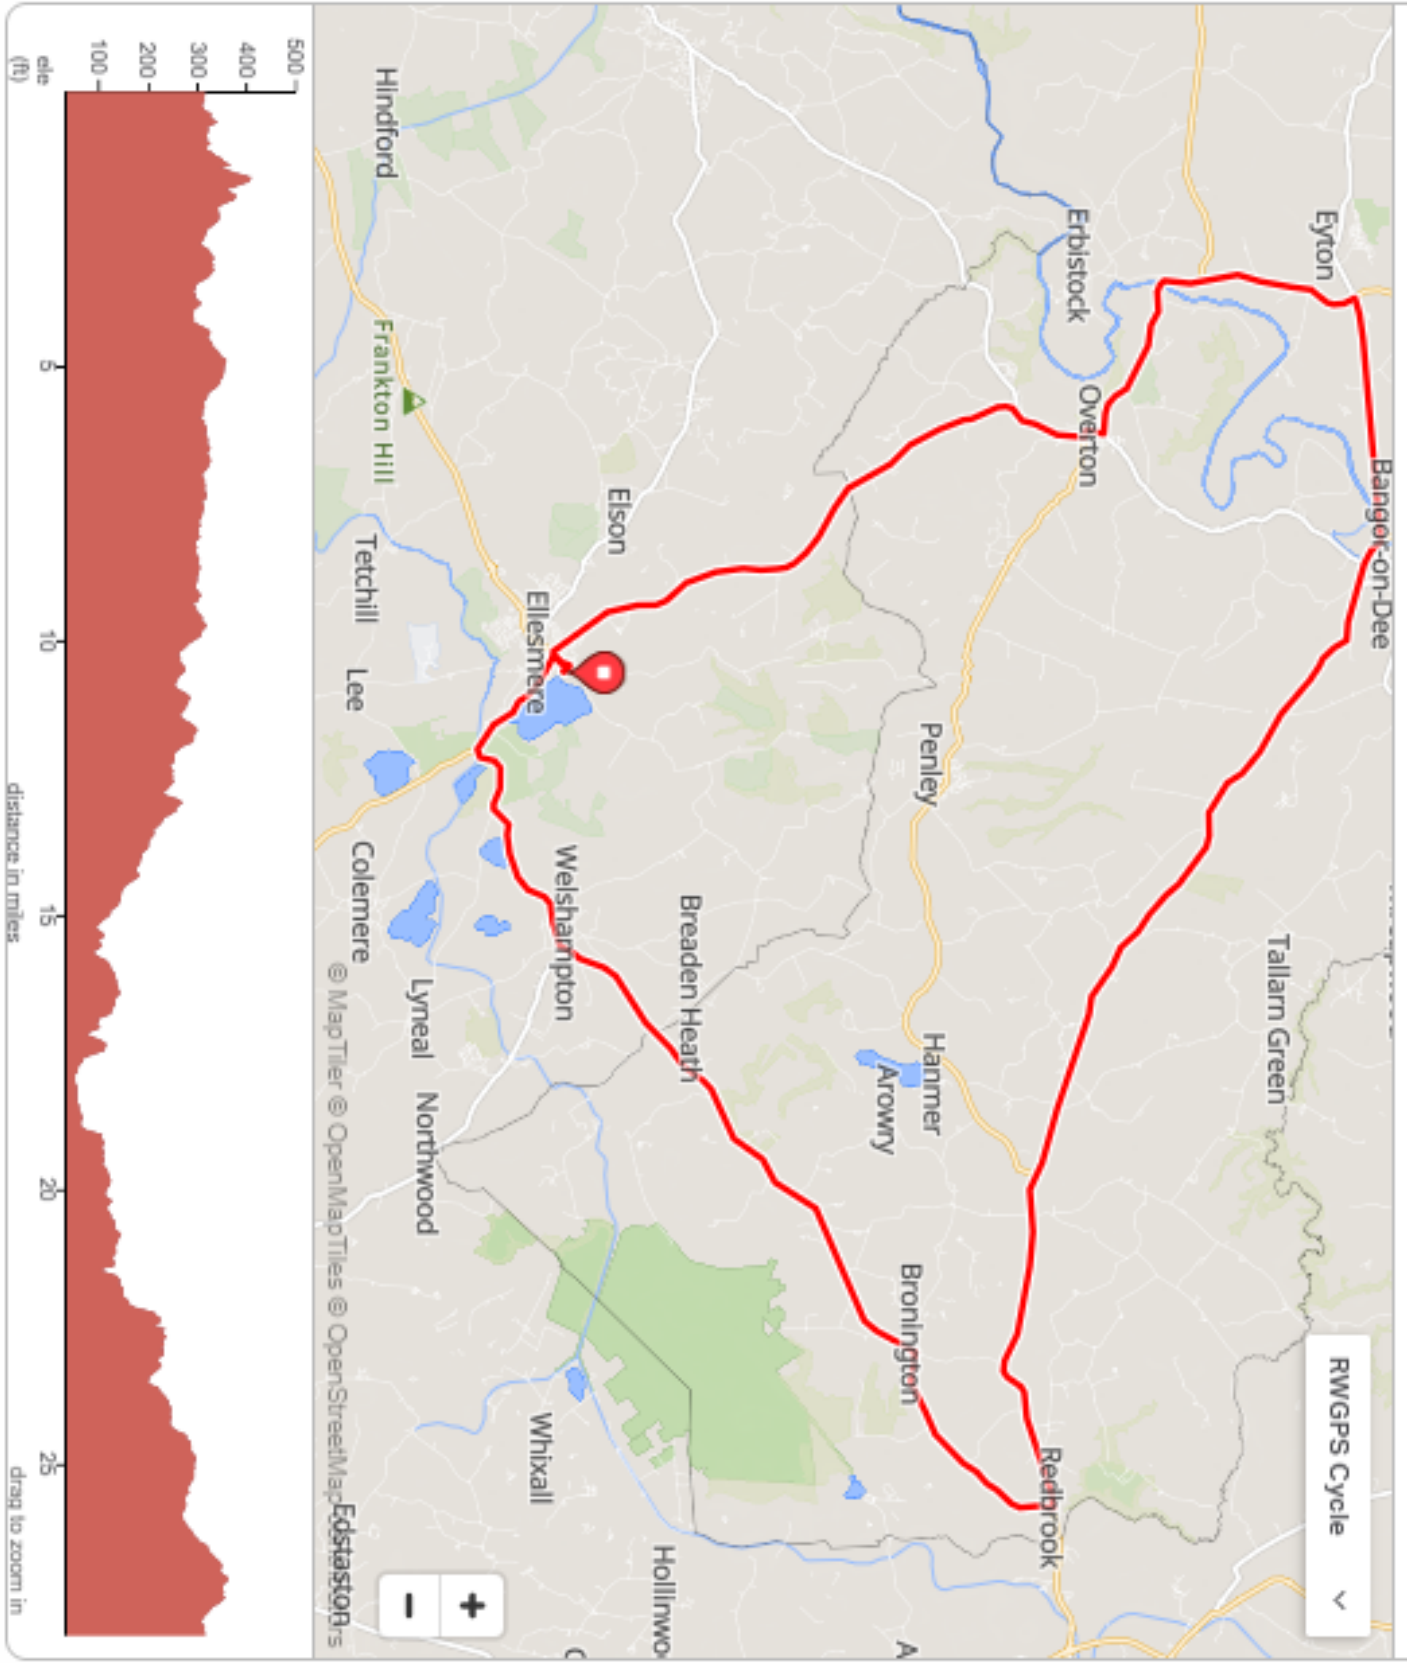

Feed Station

There are two feed stations per lap, one at the beginning of the lap and one approximately half way. Each feed station will carry food, High 5 gels, energy drinks and water (in 750 ml bottles). You will receive 4 High5 energy gels and 2 High5 energy bars at registration. Ideally carry these with you on your cycle. Also make sure your water bottles are full, ready for the start of your cycle. There is a toilet situated on both feed stations.

Cycle Map

- Keep to the left at all times except when overtaking.
- Follow the signs around the course.
- One complete lap of the run course starts and finishes at the entrance of the finish alley/ transition entrance. Look for the end of lap/ start of lap signs. There are three feed stations on every lap at a maximum of 1.5 miles between each station.
- There is a toilet at a maximum of every 1.5 miles.

Other Important Information

Race Conduct

Everyone involved in the event is there to ensure you have a safe and enjoyable experience, so we ask that you respect your fellow competitors and treat all technical officials, event organisers, race crew, volunteers and spectators with courtesy. Any abuse towards these people will not be tolerated and as a result you may be disqualified.

Is there a bag drop area?

Ultimate competitors will be given a numbered self-adhesive band to attach to the bag you will be using in the Cycle Transition Area. This is in case you wish to use the changing tent and leave your bag inside afterward. There will be an outdoor bag area within the Cycle Transition Area where you may leave any larger bags or boxes. Smaller bags can remain at your cycle transition point.

Illegal Equipment

For your safety and the safety of other competitors, certain items are banned during the event as well as in the Cycle Transition Area. This includes any music, headphones, headsets, technical earplugs (including bone conduction headphones), mobile phones and personal video recording devices. You may however use your device for tracking your race i.e Strava/Garmin. You may listen to music on the run course only at a volume level which allows you to clearly hear instructions from the marshals or warning sirens from the emergency services. Bone conductor headphones or just using one earphone is also suitable.

Littering

Do not discard water bottles, gel or bar wrappers. Littering is prohibited during the event. Please use the bins at the feed stations or at the venue. If you can carry a gel full, you can carry the wrapper empty.

Race Format

UK Triathlon reserve the right to alter the date, start time, venue or format of an event. Similarly, changes to the event may occur due to adverse weather conditions, 'acts of God', water conditions or emergency road closures. Participants will be notified as soon as possible of any changes. As long as the event is staged no refunds or transfers can be given. In our open water triathlons, although we provide safety cover at the event and test water quality prior to each event, you swim at your own risk.
